## BUILD AND SKILLS CHALLENGE

OCTOBER 2023

### Objective :

- Design a Halloween Pumpkin.

### Optional:

- Plan your Pumpkin on a piece of paper.
- Use Redstone in your build to activate when Dark.
- Carve a IRL Pumpkin in the same way as you designed your Minecraft Club one.

### Instructions:

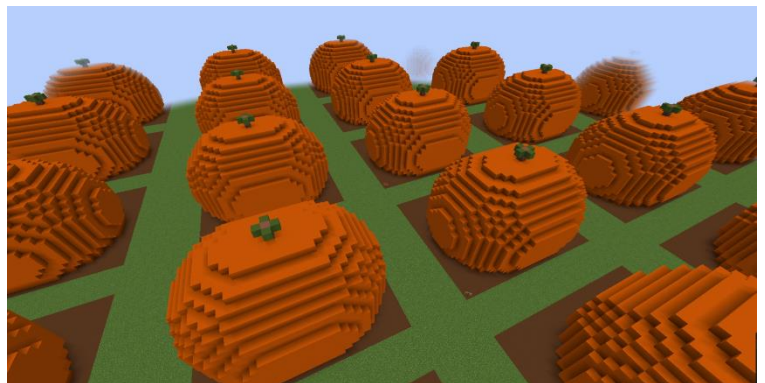

**Teleport:** Either Click on the Pumkin in the Menu or the Character at Spawn to Teleport to the Challenge World.

**GameMode:** Creative, can only build in owned plots.

### **Available Commands – In the Arrival Area:**

- Set time to Day
- Set time to Night
- limited night vision

**Step 1** - Choose any pumpkin by clicking on the sign next to It and the pumpkin will be yours.

**Step 2** – Design Pumpkin on Sheet of paper.  
(Optional)

**Step 3** - Build your Pumpkin however you want. Carve it out and create a spooky villain, replace the orange blocks with multicoloured to 'paint' it. Make it into a friendly face, or wherever else you can think of. Be imaginative, Creative and most importantly have fun.

**Step 4** - Once you have built it, try using some Redstone to make it light up at night. (Optional)

**Step 5** - If you get the chance, create your Minecraft Club Pumpkin on a real life pumpkin. (Optional)
